ROUND-UP

THE

The Buffalo Round-up

L.B.B.

In this volume

The annual staff

Brings to you

A complete story of the accomplishments
and failures of our school for this year.
We hope the students, faculty,
and friends of our school
will enjoy this annual
as much as we
have enjoyed
bringing
it to
you.

*I have enjoyed
our relationship
very much,
Best wishes
E.D. Steele*

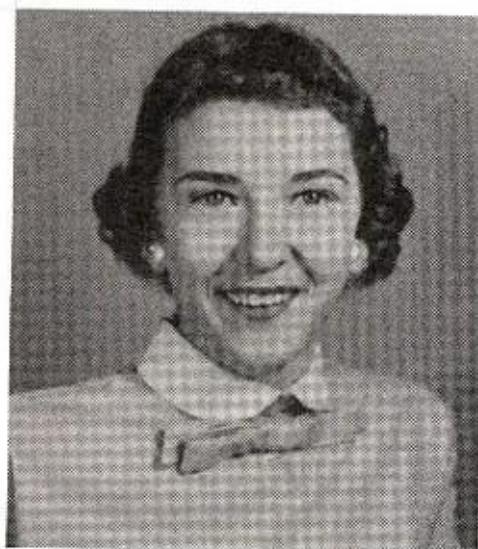

Six years ago there came to Stanton High School a man who has been instrumental in bringing to this school many of the highest honors conferred upon it.

He has built in Stanton a Department of Vocational Agriculture second to none in West Texas. In the "Ag" building many banners ornament the walls, telling the story of achievements in all phases of vocational agriculture. Five trophies in the trophy case of the front corridor proclaim winnings of entries in county, district, and state Stock and Poultry Shows.

Leadership has been the key work of this man's activities. In 1953 he received the Meritorious Service Award of El Rancho District in recognition of outstanding contributions to Advancement of Vocational Agriculture and the FFA above local level. The Teacher's Service Plaque for service above local level in the West Texas District was given to him in 1955.

Under his guidance the FFA of Stanton has reached the rating of a Gold Emblem Chapter in Area II. His interest in boys begins with the Green Hands of FFA and reaches far into placement of his leaders in positions of responsibility in the adult world.

It is with pleasure and admiration that we, The Annual Staff, dedicate "The Roundup" of 1957 to Mr. E. D. Steele, the teacher of Vocational Agriculture in Stanton High School.

Faculty

I am happy to congratulate the editor, his staff, and the sponsor of "The Buffalo Roundup" for the successful completion of an assignment. This "Buffalo Roundup" can be looked to for years to reflect the activities of Stanton High School during the years of 1956 and 1957.

I am thankful for a student-body which has the ability to see the problems of the administrator in trying to help him look into their future needs.

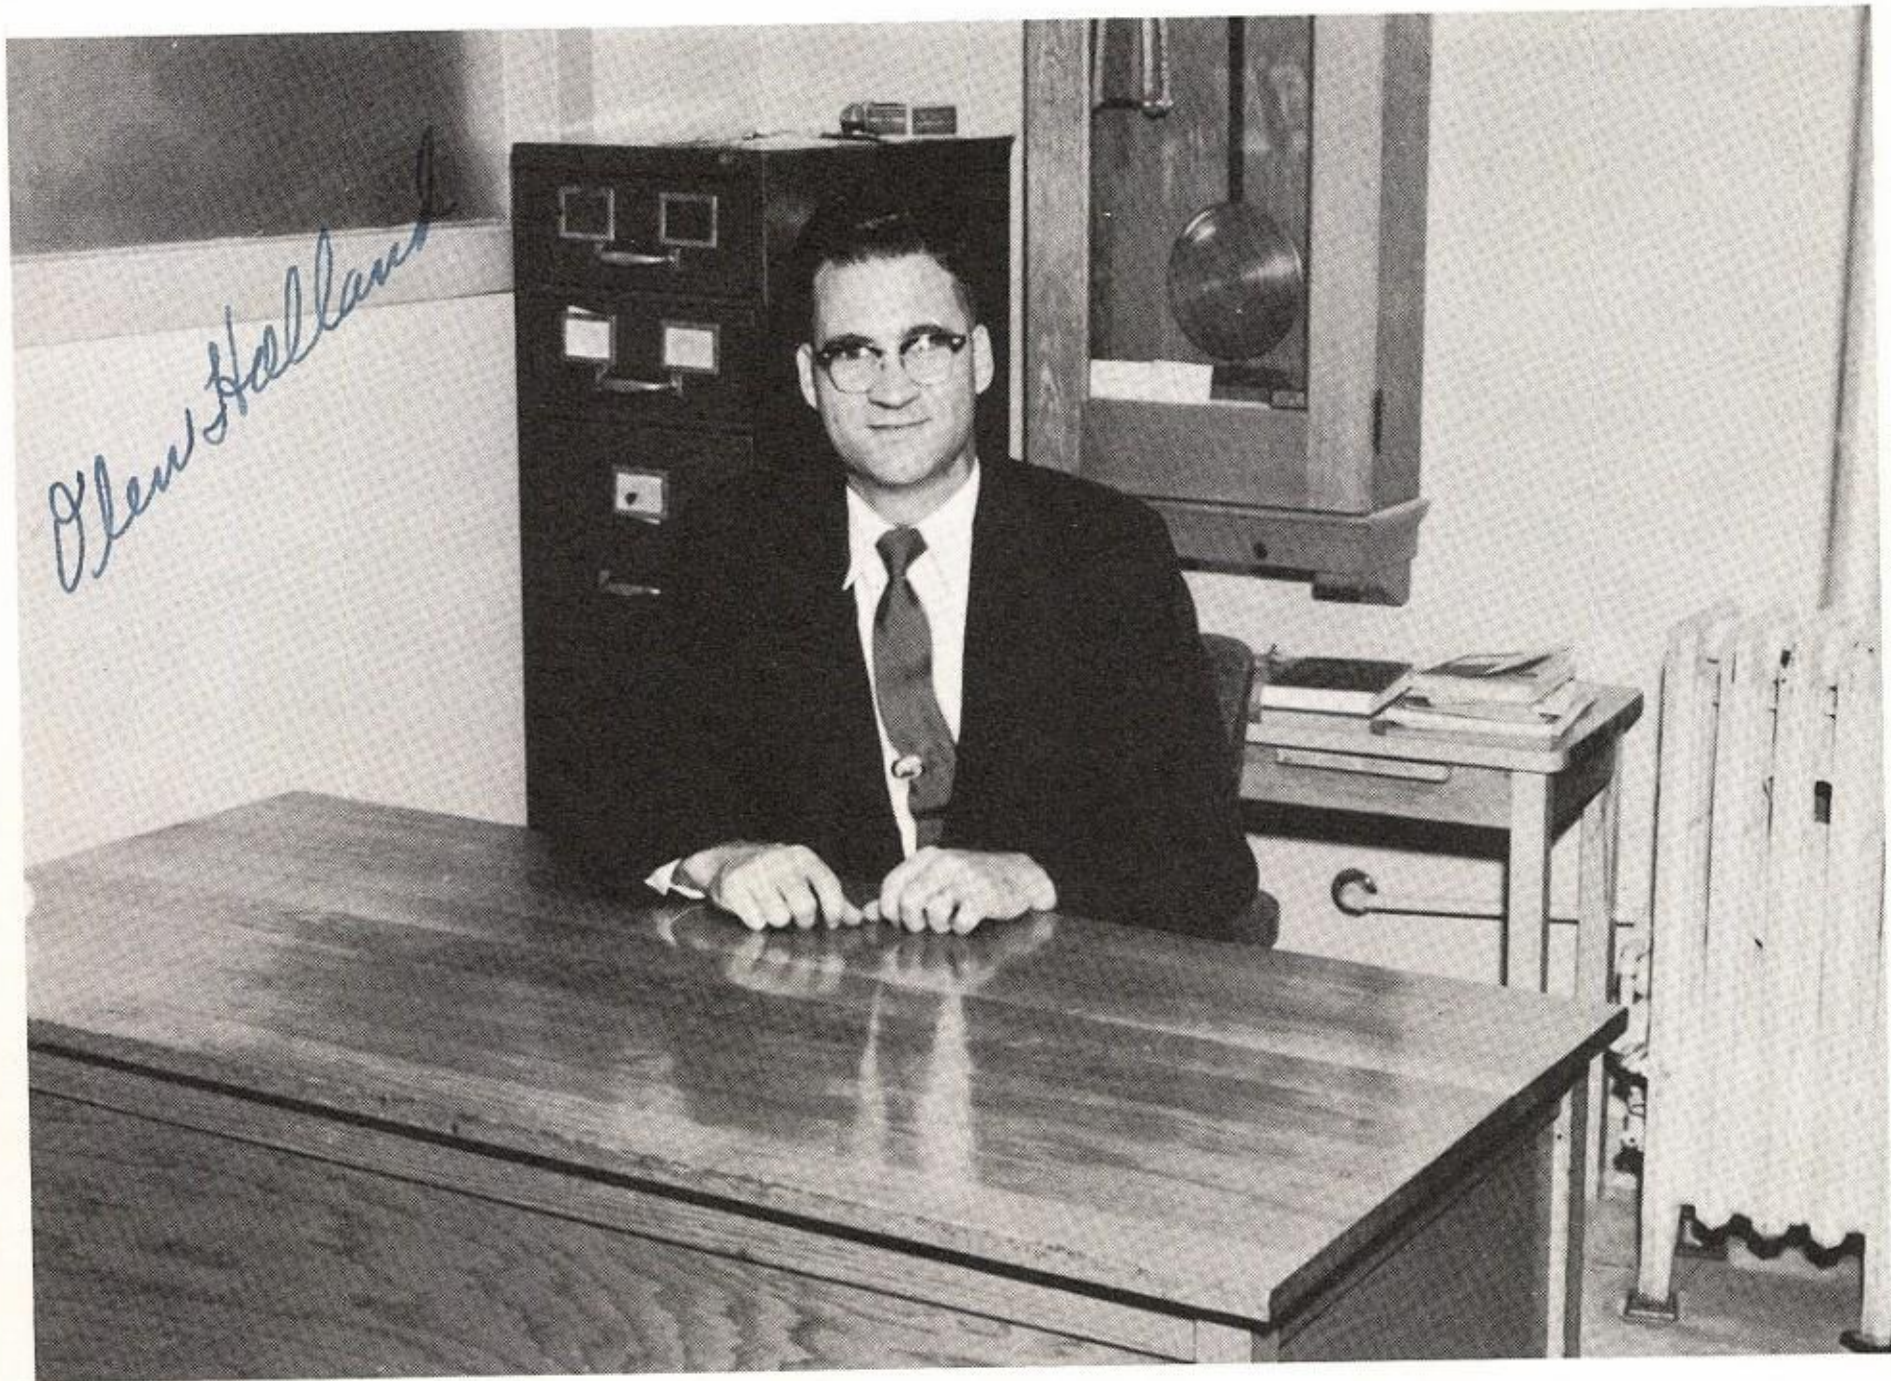

I am most happy to have under my supervision a faculty which is ever ready to take any step that it believes will help develop a school system that will carry forward the education of our youth mentally, physically, morally, and spiritually.

May we all join hands in an untiring effort to secure world peace, so that our neighbors, state, and nation, may forever live in peace.

I also wish to thank the Board of Trustees for their foreseeing and tireless efforts to build for the people of Stanton a school system second to none. The community is also to be commended for its efforts to push forward in educating its youth.

Sincerely yours,

J. M. Hays

To the Students of Stanton High School:

There are many factors which have entered into making our country the greatest in the world. We are blessed with abundant natural resources, rich farm land, gigantic industries, and beautiful cities. However, more important than our material wealth, we have been blessed with men and women who sacrificed to leave our country better than they found it.

If you keep your eyes on a high resolve, you too can leave behind you marks of achievement which will further benefit our country. This attainment will only be a part payment upon what you owe society which has surrounded you with wonderful opportunities.

I join with the administration, faculty, and board of education in wishing each of you a happy, successful and useful life.

Grade School

Dear Students:

Someone has said, "Great oaks from little acorns grow." Each year small children enter Stanton School for the first time to begin a life of growth in mind and body. They are preparing to become the businessmen and statesmen of our country. How well they prepare will determine how well they will serve. We are endeavoring to conduct a school that will enable each to prepare himself well. We hope that each little "acorn" will become a giant "oak".

It is a pleasure to join the Administration and Teachers in wishing for each of you a successful school year.

Sincerely,

A. Ellmore Johnson
